## Performance Notes

Lower number of the time signature denotes the note value that is given the beat. This note value is given as a division of a whole note. Note values that are not a power of two reference tuplets. For example:

$\frac{3}{5}$ 3 quarter note (crotchet) quintuplets

$\frac{16}{12}$ 16 eighth note (quaver) triplets

Precise durations in the unmetered sections mm. 1-7 and mm. 78-85 are left to the discretion of the performer.

Although note durations are to remain roughly constant in the unmetered section mm. 48-78, the performer is not to create a sense of meter or downbeats.
